September 1, 2011

Tustin Community Foundation (TCF) is proud to nominate Susan Dobak for the 2011 Athena Award. As an active member of the Tustin community for over 36 years, Susan has earned respect and appreciation from all who have come in contact with her. From her early involvement volunteering in Tustin schools as her three children were growing up to her current and ongoing work with Tustin non-profits and other local organizations in Orange County, Susan Dobak has made a positive difference in the lives of many in our community.

As a valued TCF member, Susan is our current VP of Resource Development. Her professional background as former marketing director, along with years of experience in planning and organizing a variety of events for corporations and the entertainment industry, is invaluable in our fundraising efforts to benefit community organizations. As this year's chair of, and the brains behind, TCF's d'Vine Wine Affair event, Susan is providing us with giant leap forward in attaining our financial goals.

Energized and a doer by nature, Susan is also innovative and creative. As leader of a project, she engages all involved to give their best and she establishes respect from the start. Organized and thorough, while being open to new ideas, Susan provides her committee members with two-way communication throughout. Susan is clearly an outstanding "go-to" member of TCF!
